

Oliver Wight Consultants

Each Oliver Wight consultant has been successful in making people-based technologies work at the highest levels in business.

John F. Proud

John F. Proud is a principal with Oliver Wight Americas. Prior to joining Oliver Wight, John spent several years working in the manufacturing industry at Xerox, Century Data Systems, and Burroughs Corporation. His assignments included manager of Just-In-Time manufacturing; national customer education manager; Western region manufacturing consultant; manager of information systems; production control specialist, and material control analyst.

John is certified in production and inventory management by APICS at the Fellow level. He has presented several papers at the organization's international conferences and has held many APICS posts.

An internationally-known speaker, John has been involved in a variety of master scheduling, material and capacity management, production activity, and Just-in-Time (JIT) manufacturing seminars. He wrote Master Scheduling: A Practical Guide to Competitive Manufacturing and had numerous articles published by APICS, Auerbach, and other publishing houses. He obtained his BS in mathematics from California Polytechnic State University and his MS from West Coast University specializing in Management Sciences.
